Northwinds Services Group Announces the Addition of Rebmann Plumbing Heating and Air Conditioning

Rochester, NY – Northwinds Services Group is proud to announce the acquisition of Rebmann Plumbing Heating & Air Conditioning.

“I knew the Northwinds organization would be committed to helping us grow and prosper,” says Scott Ambrosio, Rebmann President. “I interviewed several other Northwinds companies and everyone I spoke to had a positive, helpful attitude that made me feel extremely comfortable.”

Rebmann Plumbing Heating & Air Conditioning has more than 100 years in the Long Island, NY area. The company has grown and prospered by offering high quality and honest service. It was important to Ambrosio that Rebmann join an organization that would maintain the existing employees and grow the organization while preserving core values.

“I am looking forward to growing our company by gaining knowledge, facility development and reduced costs as a result of the scale of the Northwinds Services Group,” says Ambrosio. “My employees are excited to know that our organization can climb to a new level. Sharing information with the other Northwinds companies will be an extremely important factor in helping us grow.”

“We’re thrilled to welcome the Rebmann team to the Northwinds family of companies,” says Harry Carpenter, Northwinds CEO. “Scott and his team have built an impressive, customer-focused business and a leading brand in the Long Island market.”

With the addition of Rebmann to the Northwinds group, they continue their commitment to developing and growing local brands and operations, while retaining and developing local

leadership teams and providing significant support in sales, marketing, customer service, operations, finance, accounting, and IT.
